

Now perform complete **On-Page SEO Optimization** for this content exactly as per the instructions below.

Primary Keyword Phrase

Identify the strongest primary keyword from the content.

Provide **ONE** main keyword phrase with the highest search intent.

SEO Meta Title

-

55–60 characters

-

Include the primary keyword

-

Must be click-worthy and SEO-optimized

SEO Meta Description

-

140–150 characters

-

Primary keyword must appear within the first 10 words

-

Highly readable + conversion-focused

URL Slug

-

Short, clean, SEO-friendly

-

Use hyphens

-

Must include the primary keyword

SEO Heading Structure

Rewrite the heading structure for SEO:

-

H1 (include primary keyword)

-

H2, H3, H4 (semantic, intent-based, keyword-friendly)

-

Fix structure + hierarchy

-

No rewriting of content, only headings

-

No keyword stuffing

Image SEO Optimization

Assume I will upload 2–3 **images**.

For each image, provide:

-

SEO Image File Name

-

Alt Text (keyword optimized)

-

Title Tag

-

Recommended size & compression

-

Suggested image placement

Internal Linking Suggestions

Suggest 3-4 **internal links**:

-

Anchor text

-

Page type (Service page, Category page, Blog page, Homepage)

-

Must be relevant to my content

external links:

IMPORTANT RULES

-
